

JASMINE TELECOM SYSTEMS PUBLIC COMPANY LIMITED
AND ITS SUBSIDIARY
REPORT AND CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIODS ENDED 31 MARCH 2007 AND 2006

Review Report of Independent Auditor

To the Shareholders of Jasmine Telecom Systems Public Company Limited

I have reviewed the accompanying consolidated balance sheet of Jasmine Telecom Systems Public Company Limited and its subsidiary as at 31 March 2007, and the related consolidated statements of income, changes in shareholders' equity, and cash flows for the three-month period ended 31 March 2007, and the separate financial statements of Jasmine Telecom Systems Public Company Limited for the same period. These financial statements are the responsibility of the Company's management as to their correctness and the completeness of the presentation. My responsibility is to issue a report on these financial statements based on my review.

I conducted my review in accordance with the auditing standard applicable to review engagements. This standard requires that I plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. I have not performed an audit and, accordingly, I do not express an audit opinion.

As described in Note 17 to the financial statements, the Company has disclosed its financial information by business segment in accordance with Accounting Standard No. 24 "Segment Reporting", except for its operating results which the Company is unable to disclose by business segment for reasons as described in that note.

Based on my review, except for non-disclosure of information described in the preceding paragraph, nothing has come to my attention that causes me to believe that the accompanying financial statements are not presented fairly, in all material respects, in accordance with generally accepted accounting principles.

The consolidated financial statements of Jasmine Telecom Systems Public Company Limited and its subsidiary, and the separate financial statements of Jasmine Telecom Systems Public Company Limited for the year ended 31 December 2006 were audited in accordance with generally accepted auditing standards by another auditor of our firm who expressed a qualified opinion on those statements with respect to the Company's being unable to disclose information relating to the results of its operations by business segment, under his report dated 26 February 2007. The consolidated and separate balance sheets as at 31 December 2006, as presented herein for comparative purposes, formed an integral part of the financial statements which that auditor audited and reported on. The Company has restated the separate financial statements to reflect the change in accounting policy for recording investment in subsidiary company from the equity method to the cost method as described in Note 2 to the financial statements. In my opinion, the adjustments made for the preparation of such statements are appropriate and have been properly applied.

The consolidated statements of income, changes in shareholders' equity and cash flows for the three-month period ended 31 March 2006 of Jasmine Telecom Systems Public Company Limited and its subsidiary and the separate financial statements of Jasmine Telecom Systems Public Company Limited, as presented herein for comparative purposes, formed an integral part of the interim financial statements which were reviewed by the aforementioned auditor who reported, under his report dated 8 May 2006, that except for non-disclosure of information relating to the results of its operations by business segment, nothing had come to his attention that caused him to believe that those financial statements were not presented fairly, in all material respects, in accordance with generally accepted accounting principles. The Company has restated the separate financial statements to reflect the change in accounting policy for recording investment in subsidiary company from the equity method to the cost method as described in Note 2 to the financial statements. In my opinion, the adjustments made for the preparation of such statements are appropriate and have been properly applied.

JASMINE TELECOM SYSTEMS PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY
NOTES TO INTERIM FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIODS ENDED 31 MARCH 2007 AND 2006

1. GENERAL INFORMATION

1.1 Corporate information

Jasmine Telecom Systems Public Company Limited (“the Company”) is a public company incorporated and domiciled in Thailand. Its parent company is Jasmine International Public Company Limited, which was incorporated in Thailand. The Company is principally engaged in the design and installation of telecommunication systems, rental of public telephones, and other businesses and its registered address is 200 Moo 4, 9th Floor, Jasmine International Tower, Chaengwatana Road, Pakkret, Nontaburi.

1.2 Basis for the preparation of interim financial statements

These interim financial statements are prepared in accordance with Accounting Standards Pronouncement No. 41 “Interim financial statements”, with the Company choosing to present condensed interim financial statements. However, the Company has presented the balance sheets, the statements of income, changes in shareholders’ equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events, and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

1.3 Basis of consolidation

These consolidated financial statements included the financial statement of Jasmine Telecom Systems Public Company Limited and Siam Teltech Computer Company Limited, a 97.87%-owned subsidiary company, and have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2006, with no structural changes related to subsidiary company occurring during the period.

1.4 Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2006, except for the change in the accounting policy for recording investment in subsidiary company in the separate financial statements from the equity method to the cost method, as described in Note 2.

2. CHANGE IN ACCOUNTING POLICY FOR RECORDING INVESTMENTS IN SUBSIDIARY COMPANY IN THE SEPARATE FINANCIAL STATEMENTS

During the current period, the Company changed its accounting policy for recording investment in subsidiary company in the separate financial statements from the equity method to the cost method, in compliance with Notification No. 26/2549 regarding Accounting Standard No. 44 “Consolidated Financial Statements and Accounting for Investments in Subsidiaries” (Amendment No. 1), issued by the Federation of Accounting Professions, under which investments in subsidiaries, jointly controlled entities and associates are to be presented in the separate financial statements under the cost method rather than the equity method.

In this regard, the Company has restated the previous period’s separate financial statements as though the investment in the subsidiary company had originally been recorded using the cost method. The change has the effect of increasing net income in the separate income statements for the three-month period ended 31 March 2007 by Baht 10.4 million (Baht 0.01 per share), and decreasing net income in the separate income statements for the three-month period 31 March 2006 by Baht 8.3 million (Baht 0.01 per share). The cumulative effect of the change in accounting policy has been presented under the heading of “Cumulative effect of the change in accounting policy for investment in subsidiary company” in the separate statements of changes in shareholders’ equity.

Such change in accounting policy affects only the accounts related to investment in subsidiary company in the Company’s separate financial statements, with no effect to the consolidated financial statements.

3. CURRENT INVESTMENTS - RESTRICTED BANK DEPOSITS

These represent saving deposits of the Company and its subsidiary pledged with the banks to secure credit facilities.

(UNAUDITED BUT REVIEWED)
